### ■ About "ASPIC Cloud Award"

ASPIC Cloud Award is an initiative sponsored by the Ministry of Internal Affairs and Communications and other organizations to recognize outstanding and socially beneficial IoT・AI and cloud services in Japan. The award is designed to help businesses and users expand their businesses and streamline their operations. Through these efforts, it aims to establish a social information infrastructure by promoting the use of cloud services and creating markets.

### ■ Outline of Next Engine

URL	<a href="https://next-engine.net">https://next-engine.net</a>
Outline	<ul style="list-style-type: none"><li>○ System born from the frontline of its own Internet shop operations</li> <li>○ Consolidate functions required for online shops, such as receiving orders, placing orders, purchasing, inventories, and analysis</li> <li>○ Registered shops are 51,396 (Listed companies as of July 31, 2024 including shops that have won the Rakuten shop of the Year Award)</li> <li>○ Functions can be expanded with the "Next Engine App" for purchasing additional required options</li> <li>○ Providing a platform for creating and selling apps linked to "Next Engine"</li></ul>

Encouraged by this award, NE will continue to evolve as EC sector growth and contribute to the future of commerce through collaboration with partner companies.

We are approaching the promotion of corporate DX and regional revitalization in order to realize our purpose "frenzy into Commerce." We will continue to pursue a bright social outlook by seeing this issue as an opportunity to take a step forward into the future.
