## **Business Report**

(From January 1, 2024 to December 31, 2024)

### **1. Current status of the Group**

#### **(1) Business progress and results**

##### **(i) Overview of business**

Solasia Pharma K.K. (the “Company”) and its group company (collectively, the “Group”) are both a specialty pharma company, specializing in the development and commercialization of products in the oncology field, and a type of biotechnology venture company. Clinical trials and other evaluations associated with research and development for pharmaceutical and other related products require a large amount of upfront investment. They also tend to be conducted over medium to long periods of time, requiring equivalent periods of time for the securing of revenue and the collection of investment capital. As a result of our upfront investment in these pipeline products up till now, we have successfully developed and launched three of them. The Company is aware that the product launches are a starting point for collecting investment capital, but it is still conducting upfront investment for its entire business to compensate for the multiple final-stage clinical trials that are currently underway. The Company is still making these investments because the final stages of clinical trials typically require larger amounts of investment than any other phase of research and development for pharmaceutical and other related products.

The United States is home to numerous successful biopharma venture companies, the majority of which post losses on a single-year basis. According to research by the Company, of the companies that make up the NASDAQ Biotechnology Index, 164 companies have market capitalization of more than 100 billion yen. Of those, 113 are posting operating losses as of January 9, 2025. We believe that this situation exists because the market places more importance on making proactive upfront investments in promising drug development than on assessing these companies on the basis of their single-year gains and losses. At present, the Company is operating in accordance with this sort of business strategy.

During the fiscal year ended December 31, 2024, the Company primarily undertook business activities related to the following pipeline products.

#### **[Launched products (development completed)]**

##### **SP-01 (Indication: Chemotherapy-induced nausea and vomiting)**

##### **SP-03 (Indication: Oral mucositis/stomatitis caused by chemotherapy and radiotherapy)**

Sales of Sancuso® (SP-01) and episil® (SP-03), which are mainly sold in China, were substantially lower than in the corresponding period of the previous fiscal year, due to the restricted shipment of Sancuso®(SP-01) and episil®(SP-03) resulting from the addition and relocation of the manufacturing facility in a bid to lower costs. The regulatory procedures for the addition of the Sancuso® manufacturing facility in China have been completed. The Company obtained regulatory approval for the transfer of manufacturing site in Japan for episil® in August 2024, and as of today, the Company obtained regulatory approval in China and Korea. In order to increase the sales volume of episil® (SP-03), The Group resolved to cancel the sales partner agreement with Lee’s Pharmaceutical (HK) Limited and enter into a new sales partner agreement with Changchun GeneScience Pharmaceutical Co., Ltd. (headquarters: China; hereinafter “GenSci”. The contracting party is Gensci Singapore Pte. Ltd., a wholly owned subsidiary of GenSci.) in December 2024.

##### **SP-02 (Indication: Relapsed or Refractory Peripheral T-cell Lymphoma)**

The Company obtained marketing approval for DARVIAS® (SP-02) in Japan in 2022, and began sales.

The Company obtained marketing approval and began sales for SP-02 in Japan in 2022.

Currently, the Company is investigating new targeting cancers other than Relapsed or Refractory peripheral T-cell lymphoma with an eye to expanding the new indications.

The Company is continuing out-licensing activities for marketing and other rights in China and other regions.

**[Pipeline products in the non-clinical study phase]**

**SP-04 (Target Indication: Chemotherapy-induced peripheral neuropathy)**

Based on the results of the international Phase III clinical trials (POLAR-A study and POLAR-M study) including Japan in patients with colorectal cancer of SP-04 targeting oxaliplatin-induced peripheral neuropathy, the Company has decided to park the development of the pipeline product for this indication; instead, we have determined to conduct additional animal studies to investigate the product's potential in treating taxane-induced peripheral neuropathy. Based on the information obtained from the results of previous animal studies, in collaboration with licensor Egetis Therapeutics, we have conducted animal study in Japan and have obtained positive results in terms of peripheral neuropathic pain and pathological evaluation of neuronal cells in the test animals. With a view to future clinical trials, we have also started an additional new animal study to reinforce these results.

**SP-05 (Target Indication: Increase in antitumor efficacy of fluorouracil)**

- In 2022, it was found out that neither the primary endpoint nor the key secondary endpoint showed statistically significant differences as the final results of the international Phase III AGENT Study including Japan in colorectal cancer. We have decided to stop to the development of this pipeline product.
- The developed product's licensor, Isofol, has been conducting a detailed analysis of the AGENT study results with external professionals and new non-clinical studies since 2023 with a view to resuming clinical development of SP-05, and has concluded that these overall evaluations show that SP-05 (arfolitixorin) is different from that used in the AGENT study in the study concluded that these overall evaluations indicate that SP-05 (arfolitixorin) is clinically effective at new doses and dosages different from those used in the AGENT study.
- In February 2024, Isofol's Board of Directors decided to prepare a new clinical development program for SP-05 and to initiate a new clinical trial as soon as possible. In conjunction with this decision, Isofol also announced that it plans to conduct small clinical trials in a time- and cost-efficient manner to demonstrate the safety and clinical efficacy of SP-05 using the new dosage and administration compared to standard therapy as the first approach.
- The Company has been in regular communication with Isofol since the suspension of the development of SP-05. In light of Isofol's recent decision to resume development of SP-05 and its plans to conduct a small clinical trial, we will continue to exchange information with Isofol and evaluate the results of the new non-clinical study and the content of the clinical trial plan in order to decide on the resumption of development in Japan and Isofol's plan to participate in a new development program.
- In July 2024, Isofol has announced results from a post hoc per-Protocol analysis of the AGENT Study and two preclinical studies that support the dose-response relationship for SP-05(arfolitixorin). The results show even the likely suboptimal dosing regimen used in the Phase III AGENT study results in a numerical advantage for SP-05(arfolitixorin) to leucovorin. Additionally, previous studies suggest that an optimized dosing regimen could generate even better efficacy. These preclinical studies confirm previous findings and thereby provide further support for Isofol's strategy to conduct a clinical study with an expected new optimized dosing regimen of arfolitixorin, where higher doses than the one used in the Phase III AGENT study are tested.

- At the Gastrointestinal Cancers Symposium of the American Society of Clinical Oncology (ASCO-GI) held in the United States in January this year, the details of the post ad-hoc analysis results of the AGENT study were reported, and it was reported that when only the patient group that strictly followed the study protocol was analyzed, the SP-05 administration group showed higher efficacy than the control group that received leucovorin. This is thought to further increase the possibility of obtaining positive data in the Phase Ib/II clinical trial scheduled to begin in the first half of this year.

The Company has made progress in the development of its pipeline products as outlined above and intends to enhance corporate value in the medium to long term through structural reforms implemented the year before last aimed at improving earnings began to produce results. However, in the short term, upfront expenditures for pipeline product development continue to exceed earnings from product sales due to the impact of inventory adjustments, product sales are struggling to grow. As a result, our financial performance during the fiscal year ended December 31, 2024, was as follows.

In the fiscal year ended December 31, 2024, revenue totaled 316 million yen. Currently, procedures are underway to change the manufacturing site of the drug in a bid to lower manufacturing costs, and we expect prescription volume of the drug to fall temporarily until the procedures are complete. Revenue mainly came from the sales of pipeline products of DARVIAS<sup>®</sup> (SP-02) as well as upfront payments for out-licensing of episil<sup>®</sup> (SP-03) due to a change of sales partner in China. In addition, gross profit amounted to 185 million yen.

R&D expenses amounted to 414 million yen. This amount mainly reflected costs for changing the manufacturing site to lower manufacturing costs, R&D aimed at preparing the clinical studies and expanding the indications for DARVIAS<sup>®</sup> (SP-02), animal studies for SP-04, and investments in new development candidates. SG&A expenses amounted to 1,721 million yen, up 648 million yen year on year, as an intangible asset impairment loss of 959 million yen reflecting the delay in the out-licensing of DARVIAS<sup>®</sup> (SP-02) in China. The Company incurred an operating loss of 1,951 million yen. The Company incurred an overall loss of 1,941 million yen.

The Group posted no increase in intangible assets attributable to development costs and in-licensing expenses recognized as assets among pipeline investment outlays. In the fiscal year ended December 31, 2024, pipeline investment amounted to 414 million yen. This figure is 414 million yen in R&D expenses. However, amortization of intangible assets related to the pipeline product Sancuso<sup>®</sup> (SP-01) and ,DARVIAS<sup>®</sup> (SP-02), leading to amortization of 158 million yen. Further, the Group reported impairment losses for intangible assets amounting to 959 million yen related to the pipeline product. As a result, the balance of intangible assets has become zero as of December 31, 2024.

(ii) Future outlook

On the premise of the following business progress, we forecast that for the fiscal year ending December 31, 2025, revenue would 1.3 billion yen, while operating loss, loss before tax and bottom-line loss would a loss of 650 million yen.

1) Key assumptions behind the revenue forecast (1.3 billion yen)

We expect to generate a 1.3 billion yen in revenue, mainly from the sales of Sancuso<sup>®</sup> (SP-01), DARVIAS<sup>®</sup> (SP-02), episil<sup>®</sup> (SP-03) and the upfront payment of out-licensing agreement.

As announced on December 27, 2024, the Company will not announce anticipated contract signing timelines for DARVIAS<sup>®</sup> (SP-02) in China, and the upfront payment of out-licensing agreement is also not included in the total revenue forecast of 1.3 billion yen.

2) Key assumptions behind the operating expense forecast (1.95 billion yen)

We will incur the cost of sales due to product sales of Sancuso<sup>®</sup> (SP-01), DARVIAS<sup>®</sup> (SP-02) and episil<sup>®</sup> (SP-03).

We will invest in new animal studies for SP-04, clinical studies for SP-05.  
We expect to incur operating expenses and development investment into new drug candidates.

Because the overall Group expects to continue making upfront investments as described above, we forecast an operating loss, loss before tax, and bottom-line loss is a loss of 650 million yen.

(iii) Status of capital investment

No items to report.

(iv) Status of financing

- The Company repurchased 52,999 units of the No. 13 share acquisition rights for 1,748 thousand yen and disposed them on March 4, 2024.
- The Company issued the No. 3 unsecured straight bonds (500 million yen, payments completed on March 4, 2024). The Company redeemed 500 million yen of the bonds on May 2, 2024.
- The Company issued the No. 14 share acquisition rights (4 million yen, payments completed on March 4, 2024). The Company procured 1,208 million yen through the issue of 43,430,000 new shares by the exercise of share acquisition rights by end of July, 2024.

- (i) Status of the parent company  
Not applicable.
- (ii) Status of significant subsidiaries  
Solasia Medical Information Consulting (Shanghai) Co. Ltd. (wholly-owned subsidiary)

**(4) Issues to be addressed**

The Group is an enterprise that specializes in the sale and development of drugs and other such products and accordingly engages in management concerning the following issues to be addressed.

- (i) Progress in development of existing pipelines  
The Group's future earnings hinge upon the success of pipeline development. Accordingly, we recognize it is critical for the Group to develop products, conduct clinical studies, obtain approvals and progress in pharmaceutical-related technology in order to increase corporate value.  
Please refer to "1. (1) (i) Overview of business for information regarding the current status of development.
- (ii) Expansion of new pipeline  
For the Group, a full pipeline is directly linked with corporate value and also greatly affect future profits. As a business model, the Group out-licenses product marketing to partners and achieves added value through product development, which includes clinical studies. To make the most of clinical development functions, the Group's primary strength, we aim to achieve proper portfolio balance spanning from the early stages of development just before the initiation of clinical studies through the late stages of development just before approval. In addition, the Group will actively engage in efforts geared toward discovery of candidates for new drug development, especially in anti-malignant tumor drug and cancer supportive drug fields, and medical devices that show promise for contributing to the overall treatment of cancer.
- (iii) Building strong partnerships  
The Group's business model for gaining profits on internally developed products involves both out-licensing product marketing to partners and conducting internal marketing. Accordingly, it is extremely important that we license commercial rights to, and maintain solid partnership with, strong and trustworthy partners that have sales networks established in their countries/territories. In order to develop and enhance this earnings structure, the Group will actively promote collaboration with partners that have achieved good performance in respective fields of business.
- (iv) Strengthening the organization  
The Group endeavors to hire and place staff members in each section who have knowledge and experience in their fields. Meanwhile, it is important that we properly increase the workforce and form an efficient organization in order to address an increasing volume of development activity brought about by pipeline expansion, product quality assurance, and reliability assurance required for product manufacturing and sales, etc. The Group strives to act as an entity that continually satisfies the expectations of its shareholders. Accordingly, we recognize that this entails maintaining a well-balanced workforce, in which job assignments are decided regardless of age or gender and accumulated knowledge and experience are passed to following generations. The Group will set its sights on building up its organization using a small staff of experts, rather than pursuing efforts geared toward increasing the size of the organization. In doing so, we will take active steps that entail securing the requisite workforce, training employees and strengthening the organization from a medium- to long-term perspective. In addition, alliances that involve collaboration between the Group's staff members, outside specialists and external mandated organizations are an essential aspect of implementing the Group's business model. Going forward, we will assemble optimal teams primarily comprising talent from the Group, focusing our efforts on building partnerships, particularly with specialists and organizations with superior levels of expertise.
- (v) Strengthening internal controls  
The Group works to implement and sustain its business model. To that end, we will remain mindful of appropriateness, efficiency, corporate ethics and compliance in doing business, while

maintaining an awareness of how these considerations relate to the Group’s business and corporate scale. At the same time, with the aim of acting as a company that continually satisfies the expectations of its stakeholders, we will remain steadfastly committed to implementing internal controls, particularly those involving risk management and compliance practices.

(vi) Financing

As noted earlier, we must strengthen our pipeline in order to increase our corporate value. With this in mind, we need a certain funds for finance advance investment, particularly to cover development expenses and in-licensing expenses.

The Group has been procuring funds by sub-licensing products to pharmaceutical companies and issuing new shares. Going forward, we will continue to consider fundraising options geared toward strengthening our operating infrastructure, while also taking steps to ensure that our business activities continue unimpeded.

##### (2) Remuneration, etc. for Board Directors and Audit & Supervisory Board Members

###### (i) Policy for determining officers' remuneration, etc.

The Company's Board of Directors passed a resolution regarding a policy for determining remuneration, etc. for individual Board Directors. Remuneration for the Company's officers consists of fixed, basic remuneration and performance-linked bonuses, and is determined by the

resolution of the Board of Directors in accordance with the policy outlined below after discussing a remuneration structure suited to the duties and responsibilities of each officer (remuneration for Audit & Supervisory Board Members is determined by discussions among the Audit & Supervisory Board Members). Remuneration level is set to be commensurate with the business environment, performance, and the scale of the Company, after taking into consideration comparisons with remuneration levels of industry peers in Japan and survey data on executive compensation by specialized outside institutions.

The Company has separate remuneration structures for Board Directors responsible for business execution and for non-executive Board Directors responsible for management supervision.

- (a) The basic remuneration structure for Board Directors responsible for business execution consists of fixed, basic remuneration and performance-linked bonuses paid according to the rate of achievement of targets for a given fiscal year. The amount of basic remuneration and the ratio of basic remuneration to performance-linked bonuses are determined based on the position, responsibilities, and years of service of individual Board Directors as well as the Company's business performance, and after taking into consideration employee salary levels and director remuneration levels of industry peers. Basic remuneration is paid monthly, while performance-linked bonuses are paid at a fixed time of each fiscal year.

Performance-linked bonuses are calculated by multiplying the base amount, which is obtained by multiplying the basic remuneration by a certain ratio based on the position, responsibilities, degree of contribution, etc., by the rate of achievement of the targets for a given fiscal year. The amount of bonuses is calculated by the President and CEO of the Company and approved by the Board of Directors. The rate of achievement of targets is calculated using factors such as progress in product development, in-licensing and out-licensing of pipeline products, and management stability status including budgetary control. These indicators for achievement have been adopted as being consistent with the management evaluation method unique to biotech startups, in which more weight is given to aggressive upfront expenditures in drug development than single-year profit or loss.

- (b) For non-executive Board Directors responsible for management supervision, in principle, only fixed, basic remuneration is paid. The amount of remuneration is calculated by the President and CEO of the Company and is approved by the Board of Directors. Remuneration for these Board Directors is paid monthly.

(ii) Total amount of remuneration, etc. for Board Directors and Audit & Supervisory Board Members

Classification	Total amount of remuneration, etc.	Breakdown			Number
		Basic remuneration	Performance-linked Bonuses	Non-Monetary remuneration	
Board Directors (of which outside Board Directors)	61 million yen (6million yen)	61 million yen (6 million yen)	—	—	5 (3)
Audit & Supervisory Board Members (of which outside Audit & Supervisory Board Members)	10 million yen (10million yen)	10 million yen (10 million yen)	—	—	4 (4)
Total (of which outside officers)	72 million yen (16 million yen)	72 million yen (16 million yen)	—	—	9 (7)

- Notes: 1. The above numbers include one outside Audit & Supervisory Board Member who resigned at the conclusion of the 16th Annual General Meeting of Shareholders held on March 22, 2024.
2. At the General Meeting of Shareholders held on March 31, 2016, a resolution was passed to set the maximum amount of remuneration per year at 300 million yen for Board Directors (eight Board Directors at the time of resolution) and 50 million yen for Audit & Supervisory Board Members (three Audit & Supervisory Board Members at the time of resolution). Remuneration for individual Board Directors is determined by the resolution of the Board of Directors, and remuneration for individual Audit & Supervisory Board Members is determined by discussions among the Audit & Supervisory Board Members.

- (iii) Reasons the Board of Directors determined remuneration, etc. for individual Board Directors for the fiscal year under review was in accord with the Company's policy  
Remuneration, etc. for individual Board Directors was determined by the Board of Directors after comprehensively considering the following factors while ensuring compliance with the Company's policy for determining such matters: the position, duties and responsibilities, and years of service of individual Board Directors; the Company's business performance; employee salary levels and director remuneration levels of industry peers; and the rate of achievement of targets. Hence, the Board of Directors determined that the remuneration for individual Board Directors for the fiscal year under review was in accord with the Company's policy for determining remuneration.

**(ii) Overview of the limited liability agreement**

Pursuant to the provisions of Article 427, Paragraph 1 of the Companies Act, the Company has entered into agreements with each outside Board Director and each outside Audit & Supervisory Board Member to limit the liability for damages under Article 423, Paragraph 1 of the same act. The maximum amount of liability for damages under the said agreements shall be the amount provided for by laws and regulations.

**(4) Overview of the directors and officers liability insurance contract**

The Company has entered into a directors and officers liability insurance (D&O insurance) contract with an insurance company, with the Board Directors, Audit & Supervisory Board Members, and managerial employees (hereafter "directors and other officers") of the Company and its subsidiaries as insured parties. Under the terms of the contract, the insurer will cover damages that may arise due to directors and other officers, the insured, assuming responsibilities for the execution of their duties or receiving claims related to the pursuit of such responsibilities. However, to ensure that the appropriateness of the insured's execution of duties is not impaired, the contract sets forth certain exclusions, including damages arising from actions that are criminal or those taken in the knowledge that they violate laws or regulations. The Company bears the entire cost of D&O insurance premiums.

## 5. Status of Independent Auditor

- (i) Name of Independent Auditor  
BDO Sanyu & Co.
  
- (ii) Amount of remuneration, etc. paid to Financial Auditor for the fiscal year under review
  - Amount of remuneration, etc. for services stipulated in Article 2,  
Paragraph 1 of the Certified Public Accountants Act 17.5 million yen
  - Total amount of cash and other property benefits to be paid to  
Independent Auditor by the Company and its subsidiary 17.5 million yen

Notes: 1. Under the audit agreement between the Company and its Independent Auditor, audit remuneration, etc. for audits pursuant to the Companies Act and audits pursuant to the Financial Instruments and Exchange Act are not separate, and cannot be effectively separated. Consequently, the above amounts reflect total audit remuneration, etc.

2. The Audit & Supervisory Board conducted necessary verifications to determine the appropriateness of details of the audit plan made by the Independent Auditor, circumstances regarding the performance of accounting audits and the basis for the calculation of remuneration estimates. Based on the results of these verifications, the Board approved the amount of remuneration, etc. paid to the Independent Auditor.

- (iii) Policy on decision for dismissal or non-reappointment of Independent Auditor  
The Audit & Supervisory Board shall determine the content of proposals related to the dismissal or non-reappointment of the Independent Auditor and will submit them to the General Meeting of Shareholders of the Company if it judges that the Independent Auditor is unable to carry out his or her duties appropriately.

In addition, when it is deemed that the Independent Auditor falls into any of the categories stipulated under Article 340, Paragraph 1 of the Companies Act, the Independent Auditor will be dismissed based on the unanimous agreement of the Audit & Supervisory Board Members.

In this case, an Audit & Supervisory Board Member selected by the Audit & Supervisory Board shall report the dismissal of the Independent Auditor and the reason for dismissal at the first General Meeting of Shareholders to be held following the dismissal.

- (iv) Overview of the limited liability agreement  
Pursuant to the provisions of Article 427, Paragraph 1 of the Companies Act, the Company has entered into an agreement with the Independent Auditor to limit the liability for damages under Article 423, Paragraph 1 of the same act.  
The maximum amount of the liability for damages under the said agreement shall be the higher amount between either 17.5 million yen, or the amount prescribed according to Article 425, Paragraph 1 of the Companies Act.

## 6. System for Ensuring the Appropriateness of Operations and the Operating Status of the System

- (1) The Board of Directors has resolved to develop systems necessary as follows to ensure that the duties performed by the Board of Directors of the Company and its subsidiary comply with the laws and regulations, the Articles of Incorporation and other systems necessary to ensure the operational appropriateness of the Company and its subsidiary:
  - (i) System for Ensuring Compliance with Laws, Regulations and the Articles of Incorporation in the Performance of Duties by Directors and Employees
    - The Company is to promote the thorough understanding of the “Code of Conduct” among Directors and employees.
    - The Company is to establish and maintain an internal control system to ensure the reliability of financial reporting and conduct appropriate assessments.
    - The Company is to promptly comprehend and appropriately respond to any violation of the laws and any other material matters related to compliance in accordance with the “Rules of the Whistleblowing System.”
    - The Company is to take decisive actions against anti-social forces and promote efforts for cutting off any and all relationships with anti-social forces in accordance with the “Regulations regarding Anti-Social Forces.”
    - The Company is to regularly implement internal audits in accordance with the “Internal Audit Rules” and verify the above matters.
  - (ii) System for Preservation and Management of Information Relating to the Performance of Duties by Directors

The documents and related materials concerning Director performance, including the minutes of Board of Director meetings, shall be properly preserved and managed in accordance with laws and the “Document Management Rules” and made accessible to the Directors and Corporate Auditors at all times.
  - (iii) Regulations Concerning the Management of Risk of Loss and Other Relevant Risk Management Systems

The Company is to take measures promptly and appropriately against management risks affecting the operation of the Company in accordance with the “Risk Management Rules.”
  - (iv) System for Ensuring Efficient Functioning of Directors
    - The Company shall formulate a midterm-business plan, which will govern the duties of Directors and establish regulations regarding the implementation of internal controls.
    - The Company shall implement IT systems during regular and extraordinary board director meetings, as well as other meetings, to make decisions necessary for performing duties in a timely manner.
  - (v) System for Ensuring the Adequacy of Operations of the Solasia Group (Consisting of Solasia and its Subsidiary)
    - (a) System for Ensuring Compliance with Laws, Regulations and the Articles of Incorporation in the Performance of Duties by Directors and Employees of the Subsidiary
      - The Company is to establish a Code of Conduct governing the Solasia Group and its subsidiary and promote the thorough understanding of this Code among Directors and employees of the subsidiary.
      - All of the operations and activities of the subsidiary are to be subject to internal audit by the audit division.
    - (b) System for Reporting of Matters Related to Business Operations performed by Directors of the Subsidiary
      - The Company is to appoint Directors and Corporate Auditors as Directors of the subsidiary and to incorporate the subsidiary’s operations into the internal control system.
      - The Company shall clarify any matters that require approval or reporting and ensure thorough compliance with these criteria at the subsidiary.

- (c) Regulations of the Subsidiary Concerning the Management of Risk of Loss and Other Relevant Risk Management Systems
    - The Company is to establish a subsidiary risk management system which follows the “Risk Management Rules.”
  - (d) System for Ensuring Efficient Functioning of Directors of the Subsidiary
    - The operations of the subsidiary shall be governed by the mid-term business plan, under which the Directors of the subsidiary are to perform their duties and according to which internal controls are to be implemented.
- (vi) Matters Regarding Employees Assisting Corporate Auditors and the Independence of Such Employees from the Directors  
Corporate Auditors may instruct employees to assist them with any matters required for the audit and in such cases, these employees shall be free from the command and control of other Directors and employees.
- (vii) System for Reporting by Directors and Employees to Corporate Auditors and other systems for reporting to Corporate Auditors
- The Company is to ensure that Corporate Auditors attend any and all of the Company’s meetings and to properly obtain any information related to efficacy of internal control systems.
  - The Directors and employees are to report their performance to Corporate Auditors upon request.
  - The Directors and employees are to directly report any and all matters that infringe upon laws and regulations or could have a major impact on the finance or business of the Company to the Corporate Auditors immediately upon recognition of these matters.
  - The Company is to ensure that Directors and employees will not be treated adversely in retaliation for having reported such matters to Corporate Auditors.
  - The Company shall promptly confer advance payments upon Corporate Auditors for expenses related to the performance of their duties upon request, provided that these payments are deemed necessary for the completion of these duties.
- (viii) Other Relevant Systems for Ensuring the Proper Functioning of Audits  
The Corporate Auditors are to maintain close communication and coordination with the division in charge of internal and independent auditors and the Company is to ensure that the representative director holds regular meetings with the Corporate Auditors to exchange opinions and information.
- (2) The following is an overview of the operating status of the system for ensuring the appropriateness of operations of the Company for the fiscal year under review:
- (i) Performance of Duties by Board Directors  
Pursuant to the Regulations of the Board of Directors, in addition to monthly regular Board meetings, extraordinary Board meetings will be held via teleconference or written resolutions will be made as necessary to make key decisions related to matters prescribed by laws and regulations, etc. or important matters concerning business operations. Moreover, the minutes of the Board meetings and other information regarding the performance of duties of the Directors shall be stored and managed appropriately in accordance with laws and regulations and the “Document Management Rules.”
  - (ii) Performance of Duties by Audit & Supervisory Board Members  
Audit & Supervisory Board Members, in addition to audits conducted in accordance with the auditing policy specified by the Audit & Supervisory Board, shall audit the performance of duties by Directors and confirm the proper establishment and operation of internal controls by attending Board meetings and other important internal meetings and regularly exchanging information with the Representative Director, the Independent Auditor and the internal audit section.
  - (iii) Implementation of internal audits  
Internal audits of the Company shall be implemented in accordance with the Internal Audit Plan.

**7. Policy regarding decisions on dividends of surplus, etc.**

The Company regards the generation of capital gains through increases in corporate value and the subsequent return of profits to shareholders through dividends of surplus as key managerial priorities. Meanwhile, the Company must make substantial investment in drug development over extended periods of time. Therefore, given that the Company places a relatively high emphasis on upfront investment in comparison to other business operations, it is not in a financial position that allows for the payment of dividends under Japan's Companies Act. Going forward, we intend to consider the prospect of paying dividends with a focus on further improving balance between investment in development and shareholder returns once we have successfully commercialized products currently under development and attained an adequate financial standing.

The Company stipulates in its Articles of Incorporation that the payment of dividends shall be determined by a resolution of the Board of Directors and not by a resolution of the General Meeting of Shareholders, unless otherwise provided for by laws and regulations. The recording date of year-end dividends is December 31 of each year and the recording date of interim dividends is June 30 of each year.

**Opinion**

We have audited, pursuant to the provisions of Article 444, Paragraph 4 of the Companies Act, Solasia Pharma K.K.’s consolidated financial statements for the fiscal year spanning from January 1, 2024 to December 31, 2024, which consist of the consolidated statement of financial position, the consolidated statement of profit or loss and the consolidated statement of changes in equity, as well as the notes attached to the consolidated financial statements.

In our opinion, the above consolidated financial statements, prepared with the omission of a part of the disclosures required under International Financial Reporting Standards pursuant to the provisions of the second sentence of the first paragraph of Article 120 of the Ordinance on Company Accounting, present fairly, in all material respects, the financial position and the operational results of the Group, which consists of Solasia Pharma K.K. and its consolidated subsidiary, for the accounting period covered.

**Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the provisions of the Code of Professional Ethics in Japan, and we have fulfilled our other ethical responsibilities as auditors. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Other Information**

Management is responsible for the other information. Audit & Supervisory Board members and the Audit & Supervisory Board are responsible for overseeing the Directors' execution of duties relating to the design and operating effectiveness of the controls over the other information. The other information comprises the information included in the Business Report and the accompanying supplemental schedules.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard

**Responsibilities of Management and Audit & Supervisory Board Members and the Audit & Supervisory Board for the Consolidated Financial Statements**

Management is responsible for the preparation and fair presentation of the consolidated financial statements pursuant to the provisions of the second sentence of the first paragraph of Article 120 of the Ordinance on Company Accounting which allows companies to prepare consolidated financial statements with the omission of a part of the disclosures required under International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern pursuant to the provisions of the second sentence of the first paragraph of Article 120 of the Ordinance on Company Accounting which allows companies to prepare consolidated financial statements with the omission of a part of the disclosures required under International Financial Reporting Standards.

Audit & Supervisory Board members and the Audit & Supervisory Board are responsible for overseeing the Directors' execution of duties relating to the design and operating effectiveness of the controls over the Group's financial reporting process.

#### **Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements. As part of an audit in accordance with auditing standards generally accepted in Japan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks. The procedures selected depend on the auditor's judgement. In addition, we obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- Obtain, when performing risk assessment procedures, an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management. • Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate whether the overall presentation and disclosures of the consolidated financial statements are pursuant to the provisions of the second sentence of the first paragraph of Article 120 of the Ordinance on Company Accounting which allows companies to prepare consolidated financial statements with the omission of a part of the disclosures required under International Financial Reporting Standards, as well as the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with Audit & Supervisory Board members and the Audit & Supervisory Board regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Audit & Supervisory Board members and the Audit & Supervisory Board with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### **Conflict of interest**

Our firm and its designated engagement partners do not have any interest in the Group which is required to be disclosed pursuant to the provisions of the Certified Public Accountants Act of Japan.

**Opinion**

We have audited, pursuant to the first item, second Paragraph of Article 436 of the Companies Act, Solasia Pharma K.K.’s non-consolidated financial statements for the 15th fiscal year spanning from January 1, 2024 to December 31 2024, which consist of the balance sheet, the statement of income and the statement of changes in equity, as well as the notes attached to the non-consolidated financial statements and supplementary schedules.

In our opinion, the non-consolidated financial statements and the supplementary schedules referred to above present fairly, in all material respects, the financial position and operating results of Solasia Pharma K.K. for the accounting period covered in accordance with accounting principles generally accepted in Japan.

**Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Nonconsolidated Financial Statements section of our report. We are independent of the Company in accordance with the provisions of the Code of Professional Ethics in Japan, and we have fulfilled our other ethical responsibilities as auditors. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Other Information**

Management is responsible for the other information. Audit & Supervisory Board members and the Audit & Supervisory Board are responsible for overseeing the Directors’ execution of duties relating to the design and operating effectiveness of the controls over the other information. The other information comprises the information included in the Business Report and the accompanying supplemental schedules.

Our opinion on the non-consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the non-consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the non consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of Management and Audit & Supervisory Board Members and the Audit & Supervisory Board for the Non-consolidated Financial Statements**

Management is responsible for the preparation and fair presentation of the non-consolidated financial statements in accordance with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of non-consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the non-consolidated financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern in accordance with accounting principles generally accepted in Japan.

Audit & Supervisory Board members and the Audit & Supervisory Board are responsible for overseeing the Directors’ execution of duties relating to the design and operating effectiveness of the controls over the Company’s financial reporting process.

**Auditor’s Responsibilities for the Audit of the Non-consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the non-consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could

reasonably be expected to influence the economic decisions of users taken on the basis of these non-consolidated financial statements.

As part of an audit in accordance with auditing standards generally accepted in Japan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the non-consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks. The procedures selected depend on the auditor's judgement. In addition, we obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
  
- Obtain, when performing risk assessment procedures, an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
  
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
  
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the non-consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
  
- Evaluate whether the overall presentation and disclosures of the non-consolidated financial statements are in accordance with accounting principles generally accepted in Japan, as well as the overall presentation, structure and content of the non-consolidated financial statements, including the disclosures, and whether the non-consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with Audit & Supervisory Board members and the Audit & Supervisory Board regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Audit & Supervisory Board members and the Audit & Supervisory Board with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

### Audit Report

We, the Audit & Supervisory Board, have prepared, upon consultation, this Audit Report based on reports compiled by each Audit & Supervisory Board Member concerning the performance of duties conducted by Board Directors during the 15th fiscal year spanning from January 1, 2024 to December 31, 2024 and hereby report as follows:

#### 1. Auditing methods and contents used by Audit & Supervisory Board Members and the Audit & Supervisory Board

- (1) The Audit & Supervisory Board specified an audit policy, an audit plan, etc.; received reports from each Audit & Supervisory Board Member on the status of implementation and results of audits; obtained reports from Board Directors, etc. and the Independent Auditor on the status of the performance of their duties; and requested explanations as needed.
- (2) Each Audit & Supervisory Board Member has, according to the audit policy, audit plan, etc., maintained good communications with Board Directors, the internal audit division and other employees, etc., and strived to collect information and improve the audit environment. We have conducted the audits based on the following methods:
  - (i) Each Audit & Supervisory Board Member attended meetings of the Board of Directors and other important meetings; received reports on the performance of duties by Board Directors, employees, etc.; asked for explanations as necessary; examined documents concerning important decisions; and examined business and financial conditions at the headquarters and its principal branches. Additionally, in terms of the subsidiary of the Company, we have maintained good communications and exchanged information with Board Directors, Audit & Supervisory Board Members and other personnel of the subsidiary and received reports on business conditions from the subsidiary as needed.
  - (ii) Each Audit & Supervisory Board Member received reports on a regular basis from the Board Directors and employees, etc.; requested explanations as necessary; and provided opinions with respect to matters mentioned in the business report. These matters consist of the contents of the Board of Directors' resolutions, which regard the development and maintenance of systems for ensuring that Board Directors' performances of their duties comply with applicable laws and regulations as well as the Articles of Incorporation of the Company. These resolutions also concern other systems that are set forth in Article 100, Paragraphs 1 and 3 of the Ordinance for Enforcement of the Companies Act as being necessary for ensuring the appropriateness of the corporate affairs of a joint stock company (*kabushiki gaisha*) and the group that comprises the company and its subsidiary, as well as systems developed and maintained based on these resolutions (internal control systems).
  - (iii) We have also monitored and verified whether the Independent Auditor maintains independence and properly conducts audits, received reports on the performance of duties from the Independent Auditor and requested explanations as necessary. The Independent Auditor reported that "systems for ensuring that the performance of duties is being carried out correctly" (listed in each item of Article 131 of the Rules of Corporate Accounting) have been established in accordance with the "Standards for Quality Control of Audits" (Business Accounting Council, October 28, 2005), etc., and requested explanations as necessary.

Based on the methods mentioned above, we have reviewed the Business Report, its supplementary schedules, non-consolidated financial statements (balance sheet, statement of income, statement of changes in equity and notes attached to non-consolidated financial statements), their supplementary schedules and consolidated financial statements (consolidated statement of financial position, consolidated statement of profit or loss, consolidated statement of changes in equity and notes to consolidated financial statements) for the 15th fiscal year.

#### 2. Results of audits

- (1) Results of audit of the Business Report, etc.
  - (i) We consider that the Business Report and their supplementary schedules fairly present the situation of the Company in accordance with relevant laws and regulations and the Company's Article of Incorporation.
  - (ii) With respect to the performance of duties by Board Directors, we have found neither unjust transactions nor material facts that violate relevant laws and regulations or the Company's Article of Incorporation.
  - (iii) We consider that the details of the resolution made by the Board of Directors concerning internal control systems are proper. We have discovered no report-worthy issues related to the details described in the Business Report regarding these internal control systems and the performance of related duties by Board Directors.
- (2) Results of audit of non-consolidated financial statements and their supplementary schedules  
We consider that the auditing methods and the results of audits conducted by the Company's Independent Auditor, BDO Sanyu & Co., are proper.
- (3) Results of audit of consolidated financial statements and their supplementary schedules

We consider that the auditing methods and results of audits conducted by the Company's Independent Auditor, BDO Sanyu & Co., are proper.

Notes: 1. There are no special interests between any of the candidates and the Company.

2. Among the candidates for Board Director, Stanley Lau, Norikazu Eiki and Jiro Mizukawa are candidates for outside

Board Director.

3. The Company has reported Stanley Lau, Norikazu Eiki and Jiro Mizukawa as independent officers according to provisions set forth by the Tokyo Stock Exchange. If the nomination of Stanley Lau, Norikazu Eiki and Jiro Mizukawa are approved, the Company will submit them as independent officers.
4. The Company has nominated Stanley Lau as a candidate for outside Board Director because it expects him to contribute to the management of the Company with the extensive experience and abundant knowledge he accumulated as a member of corporate management in China. At the conclusion of this Annual General Meeting of Shareholders, his tenure as an outside Board Director will have been ten years and three months.
5. The Company has nominated Norikazu Eiki as a candidate for outside Board Director because it expects him to contribute to the management of the Company with the extensive experience and abundant knowledge he has accumulated as a member of corporate management. At the conclusion of this Annual General Meeting of Shareholders, his tenure as an outside Board Director will have been eight year and eleven months.
6. The Company has nominated Jiro Mizukawa as a candidate for outside Board Director because it expects him to contribute to the management of the Company with his extensive expertise and experience in the pharmaceutical industry. At the conclusion of this Annual General Meeting of Shareholders, his tenure as an outside Board Director will have been five years.
7. The Company stipulates, in Article 28, Paragraph 2 of the Articles of Incorporation of the Company, that it may enter into limited liability agreements with Directors (excluding executive Directors, etc.) pursuant to Article 427, Paragraph 1 of the Companies Act. The maximum amount of liability for damages under the agreement is the liability amount prescribed by laws and regulations. If the nominations of Stanley Lau, Norikazu Eiki and Jiro Mizukawa, candidates for outside Board Director, are approved, the Company plans to renew its limited liability agreements with each one of them.
8. The Company has taken out directors and officers liability insurance (“D&O insurance”) covering its Board Directors and Audit & Supervisory Board Members, and it plans to continue to renew such coverage. Essentially, D&O insurance compensates directors and officers for losses that may result from liabilities or claims brought against them pertaining to the execution of their duties as corporate directors and officers. Candidates for Board Directors and Audit & Supervisory Board Members are also covered, and will continue to be covered, by the Company’s D&O insurance policies.

**Proposal No. 2: Election of One (1) Audit & Supervisory Board Members**

At the conclusion of this General Meeting of Shareholders, one incumbent Audit & Supervisory Board Member Yoshiyuki Yamakawa will resign. Therefore, the Company proposes the election of one (1) Audit & Supervisory Board Member.

The consent of the Audit & Supervisory Board has been obtained for this proposal.

The candidate for Audit & Supervisory Board Member is as follows:

- Notes:
1. Eisaku Nakamura is candidate for outside Audit & Supervisory Board Member.
  2. There are no special interests between Eisaku Nakamura and the Company.
  3. The Company has reported Eisaku Nakamura as independent officer under provisions set forth by the Tokyo Stock Exchange. If the nomination of Eisaku Nakamura Audit & Supervisory Board Member is approved, the Company will submit him as independent officer.
  4. The Company stipulates, in Article 36, paragraph 2 of the Articles of Incorporation of the Company, that it may enter into limited liability agreements with Audit & Supervisory Board Members pursuant to Article 427, Paragraph 1 of the Companies Act. The maximum amount of liability for damages under the agreement is the liability amount prescribed by laws and regulations. If the nomination of Eisaku Nakamura outside Audit & Supervisory Board Member is approved, the Company will enter into a limited liability agreement with him.
  5. The Company has taken out directors and officers liability insurance (“D&O insurance”) covering its Board Directors and Audit & Supervisory Board Members, and it plans to continue to renew such coverage. Essentially, D&O insurance compensates directors and officers for losses that may result from liabilities or claims brought against them pertaining to the execution of their duties as corporate directors and officers. Candidates for Board Directors and Audit & Supervisory Board Members are also covered, and will continue to be covered, by the Company’s D&O insurance policies.

**Proposal No. 3: Reduction in Amounts of Capital stock**

As of December 31, 2024, the Company reported a retained loss brought forward of 3,633,331,102 yen. The Company proposes to reduce its capital stock in accordance with stipulations contained in Article 447, Paragraph 1 of the Companies Act in order to compensate for this loss brought forward; return financial conditions to a state in which shareholder return policies, such as the distribution of surplus funds as dividends and share buybacks, are possible; and aim for increased flexibility and maneuverability in its capital policy. This proposal does not involve any changes to the total number of issued shares and will not affect shares already held by shareholders. Furthermore, this proposal represents an accounting transfer within the net assets category and will not cause changes to net assets or net assets per share.

**1. Details of capital stock reduction**

The Company will reduce a portion of its capital stock in accordance with stipulations in Article 447, Paragraph 1 of the Companies Act and will transfer the total amount of reduction in capital stock to other capital surplus.

**(1) Amount of capital stock reduction**

2,111,831,895 yen of the 2,211,831,895 yen in capital stock held as of December 31, 2024

**(2) Effective date of the capital stock reduction**

May 9, 2025 (tentative)

**2. Notes**

At a meeting held on February 20, 2025, the Company's Board of Directors resolved to reduce the Company's legal capital surplus from 2,522,645,707 yen, the recorded amount as of December 31, 2024, by 1,521,499,207 yen in accordance with stipulations contained in Article 448, Paragraph 1 and Article 459, Paragraph 1, item 2 of the Companies Act, as well as Article 42 of the Articles of Incorporation, effective May 9, 2025. The entire amount of reduction will be rerecorded as other capital surplus. Provided that this proposal is approved and goes into effect as drafted and legal capital surplus is reduced by the planned amount stated above, 3,633,331,102 yen will be recorded as other capital surplus due to the reductions in capital stock and legal capital surplus mentioned above. In order to compensate for loss brought forward, this amount will be transferred, in full, to retained earnings brought forward in accordance with stipulations contained in Article 452 and Article 459, Paragraph 1, item 3 of the Companies Act and Article 42 of the Articles of Incorporation.
