**Total number of users of “GLOBAL WiFi®”  
and other Wi-Fi router rental services exceeded 21 million.**

Total number of group-wide users of Wi-Fi router rental services provided by Vision Inc. (Headquarters: Shinjuku-ku, Tokyo; President, Representative Director and COO: Kenji Ota, hereinafter the Company), which operates GLOBAL WiFi Business, Information and Communications Service Business, and Glamping and Tourism Business under the themes of “Connecting People, Connecting the World,” has exceeded 21 million (\*1).

The number of Japanese departing Japan in September 2024 was 1,212,600, recovering to about 70% compared to the same month in 2019 (\*2). In the midst of this recovery, the number of users is further expanding as more and more people choose “GLOBAL WiFi®” for their overseas business and travel. In addition, the number of foreign visitors to Japan in the same month was 2,872,200 (about 1.2 times compared to the same month in 2019), setting a new record for the eighth consecutive month (\*2), which has also stimulated “NINJA WiFi®” rentals and contributed to the increase in the number of users.

In October, we renovated the counter at Kansai International Airport Terminal 1 and opened a new store at the same airport Terminal 2. We are also enhancing convenience by opening our first store in Western Honshu at Hiroshima Airport.

Furthermore, we have expanded our services to meet the needs of our customers by increasing the number of areas with unlimited access to 116 countries and regions, and the number of 5G coverage area to 42 countries

and regions.

We will continue to expand our services in line with the usage scenarios of our customers, and will make efforts to enhance network quality and coverage areas to provide a comfortable mobile Internet access environment around the world.

\*1 Number of group-wide users of Wi-Fi router rental service (Our research in November 2024)
