“GLOBAL WiFi®” store reopened in line with the starting of the Access Hall at Fukuoka Airport’s International Terminal.

Vision Inc. (Headquarters: Shinjuku-ku, Tokyo; President, Representative Director and COO: Kenji Ota, hereinafter Vision), which operates GLOBAL WiFi Business, Information and Communications Service Business, and Glamping and Tourism Business under the themes of “Connecting people, Connecting the world,” reopened its “GLOBAL WiFi®” store in the Access Hall on the first floor of the Fukuoka Airport’s International Passenger Terminal Building, which was expanded on December 3 to improve convenience and comfort for travelers.

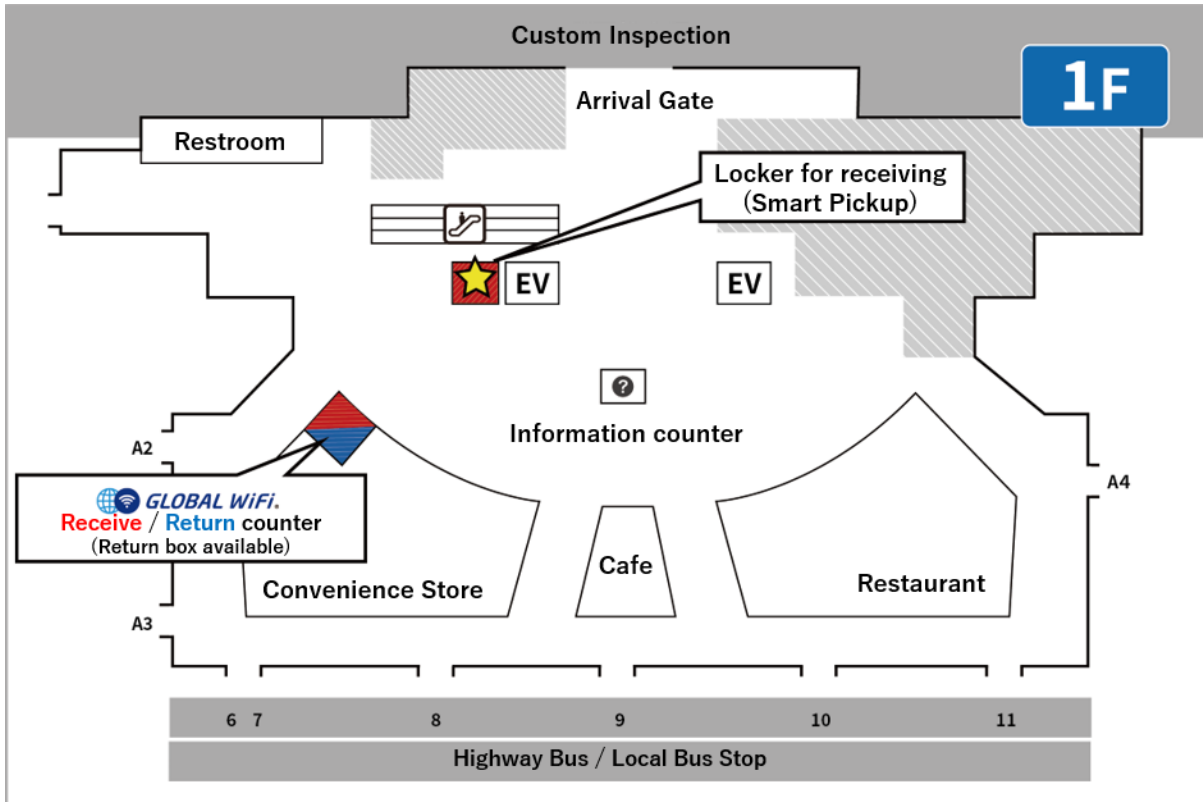

The international terminal at Fukuoka Airport will have its grand opening on March 28, 2025, after approximately three years of expansion and renovation work. With the new Access Hall being built first, the arrival lobby was expanded to approximately three times (*1) the size of the previous one, and Vision also increased the floor space of its store and reopened with a new look.

(*1) As of November 30, 2025

Our store is staffed from 7:00am to 9:30pm and covers all flights departing and arriving at the airport, enabling it to meet the needs of a wide range of customers. In addition, we have installed a Wi-Fi locker “Smart Pickup” at the front of the store for more convenient use, allowing customers to apply for and receive their devices 24 hours a day, even outside of staffed store hours.
