To the press officials

I-NET Corp.

**“Caregiving Taxi Dispatch Service i-CareGO” was Certified as a “ME-BYO BRAND”
by Kanagawa Prefectural Government**

I-NET Corp.(TSE Prime: Code No. 9600, Head Office: Yokohama, Kanagawa, Representative Director and Executive President: Tomomichi Saeki, “I-NET”) inform that “Caregiving Taxi Dispatch Service i-CareGO” operated by I-NET Corp.has been certified as a “ME-BYO BRAND” by Kanagawa Prefectural Government.

1. About “Caregiving Taxi Dispatch Service i-CareGO”

i-CareGO is a service that delivers caregiving taxis through an app. i-CareGO promptly and appropriately matches user conditions and patterns (e.g., use of stretchers and electric wheelchairs, installation of medical equipment, stairs and bed positions in their homes, family passengers, etc.) with caregiving taxi services. The i-CareGO receives a response from a taxi that can be welcomed by simply entering the desired date and time and user information without calling a number of caregiving taxis, and the reservation is completed by selecting the taxi that you want to request.

In addition to apps for hospitals, facilities, and caregiving offices, i-CareGO has apps that specialize in individual and family use.

The aim of i-CareGO is to make it easier to access caregiving taxis and to make reservations easily and conveniently, so it helps users who have difficulty traveling go out (such as weddings, shopping etc.) to improve pre-disease and QOL*.

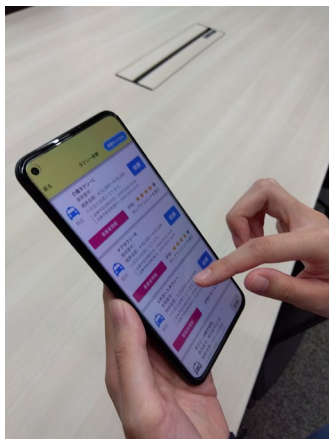

*) Quality of Life

2. About “ME-BYO BRAND”

ME-BYO BRAND is designed to encourage Kanagawa prefectural residents to improve their illness by having Kanagawa Prefectural Government certify outstanding products and services related to the pre-disease industry as “ME-BYO BRAND,” while also spreading the appeal of the pre-disease industry and driving industrialization. In the areas of lifestyle habits, lifestyle functions, mental health and stress, and cognitive functions, the products and services which have been evaluated as leading to changes in the awareness and behavior of Kanagawa prefectural residents toward the resolution of social issues such as the visualization of illnesses are certified as “ME-BYO BRAND.”

The aging of the population and an increase in the number of single-person households of elderly people are pressing social issues, and the demand for caregiving taxis is expected to increase further.

Through this service, I-NET will work to support the elderly and people with transportation difficulties.
